

Dear AFDICA-

I wanted to sincerely thank you for providing the scholarship money so I was allowed to attend Jumpstart National Conference. It's great to network with others who are also passionate about teaching. I came home renewed and with a new activity that I am going to use in class next week. I love teaching and helping shape our future leaders. I received tools to better accomplish

the goal. The support AFDICA provides
with this goal. Teaching students
to be responsible with money is key to
entrepreneurial and mental health decisions.
Teaching them about the stock market
and the opportunity they have to use time
to compound + grow their money is key.

Thank you from the bottom of my heart.

Dear Geil, (& other esteemed members of AFDICA),

I wanted to thank you so much for the opportunity that you provided me by your generosity. Never in a million years could I have imagined I'd get free resources for my students but I'd be able to sit down & talk with Tim the founder of NGPF at breakfast one morning about our alma mater & life in general. The troutwood presentation Gene did made me create/adjust my financial plan on the spot. It was also great to meet Joyce at the dinner so I could put a face to your lovely organization.

I'm empowered to teach my students to plan & live their rich life. (Which for some will help them escape poverty)

Gail,

Thank you so much for sponsoring me to go to Financial Literacy conference at Gila Resort in Arizona. The experience is invaluable! I am already using the resources and ideas gained at the conference. Thank you for supporting teachers!

Dear Gail,

I am so incredibly thankful for the opportunity you gave me to attend the Jumpstart conference in AZ this past week. Not only did I take away so many great resources but I made amazing and genuine connections as well. As a first time participant, I can see why so many educators keep going back. Thank you again!

Dear Gail and the AFDICA team-

Thank you so much for sponsoring me at the JumpStart conference. I am a teacher in south Texas near Houston.

As far as personal finance goes, I am a singleton. It is so beneficial for me to connect and learn for my students and this conference is a wellspring of information.

My gratitude is immense and I will surely pay it forward.

Sincerely,

Andria Zhenhua
